- 3. Recent bank or building society statement*
- 4. Pay statement and or reference from previous Landlord or employer*

To secure a tenancy agreement for letting a holiday property out of season on the cottage you are interested in, we require a reservation deposit equal to one month's rental. If you continue with the tenancy on the date and for the period agreed with us, we will take this reservation deposit as the tenancy deposit. If however, you decide not to continue with the tenancy on the date and for the period agreed with us, the deposit will be returned to you less any costs incurred in re-marketing and/or lost rental until re-let.

If we (White Horse Farm) are unable to continue with the tenancy, we will of course return the deposit to you in full.

I understand and agree to comply with the above statements, which are acceptable to me.
