

## Horse Riding

Across West Dorset there is an excellent choice of riding centres and stables. Bridleways abound, following the coastline or delving deep inland with beautiful tracts of open land.

There are many bridleways and routes throughout Dorset, plenty of choice for short hacks or full days out. Routes such as the Wessex Ridgeway, the Castleman Trailway and North Dorset Trailway all have extensive sections for horses. There are also some good areas of open land where you can gallop away your cares.

There are of course many places where you can go for a riding lesson such as:

**Lulworth Equestrian Centre** <https://www.lulworthequestriancentre.com/>

on the South Coast between Weymouth and Swanage.

**Studlands Trekking Centre** <http://www.studlandstables.com/>

located minutes from Swanage in the charming village of Studland

**Bidlake Riding Stables** ([bidlakestables.co.uk](http://bidlakestables.co.uk)) in the Marshwood Vale, just three miles outside the historic town of Bridport.
